

Congress of the United States

Washington, DC 20515

March 19, 2026

The Honorable Tom Cole
Chairman
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Brooklyn Park PFAS Mitigation and Treatment Facility in fiscal year 2027.

The entity to receive funding for this project is the City of Brooklyn Park, located at 5200 85th Ave North, Brooklyn Park, MN 55443.

This funding would allow the City of Brooklyn Park to complete engineering and design work for new water treatment facilities to address PFAS contamination. It will support evaluation and pilot testing of treatment options and produce shovel ready designs required for regulatory compliance. This work is essential to meet federal drinking water standards, maintain clean drinking water for more than 86,000 residents and local employers, and avoid higher water rates or delayed infrastructure projects. This project is an appropriate use of taxpayer funds because it will help protect public water and ensure the drinking water supply in Brooklyn Park is safe and in compliance with federal requirements.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Kelly Morrison
Member of Congress
