

Congress of the United States

Washington, DC 20515

March 19, 2026

The Honorable Tom Cole
Chairman
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for 84th Street Sanitary Sewer Project in fiscal year 2027.

The entity to receive funding for this project is the City of Bloomington, located at 1800 West Old Shakopee Road, Bloomington, MN 55431.

This funding would be used by the City of Bloomington to replace aging sanitary sewer pipe along 84th Street with new fiberglass reinforced pipe, addressing capacity limitations in infrastructure originally built more than 50 years ago and strained by decades of redevelopment in the surrounding area. The project will improve system reliability, reduce the risk of failures and service disruptions, and support the sanitary sewer needs of growing residential, commercial, and major facilities near key transportation corridors and the Minneapolis–St. Paul International Airport. The infrastructure replacements will address capacity deficiencies and extend asset life. The project is an appropriate use of taxpayer funds because it will help modernize this critical wastewater infrastructure, protect the health and safety of the community, and lessen cost burdens on residents and businesses.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Kelly Morrison
Member of Congress
